STEAM DEPARTMENT.—Notice is hereby given, that it is the intention of the Hon'ble the Governor in Council to despatch a Steamer for Suez, on Monday, the 25th of March next.

By Order of the Hon'ble the Governor in Council,

(Signed) E. M. WOOD, Lieut.-Col.,

Secy. to Government.

Bombay Castle, 25th January, 1839.

With reference to the above advertisement, Notice is hereby given, that the latest safe date for the transmission of Letters, hence to Bombay, which may be intended for the March Steamer, will be the 11th Proximo; but from the great increase in the number of Letters, &c., sent on these occasions, and consequent increase in the weight of the Mails, it is very earnestly recommended, that dates earlier than that above mentioned may, where conveniently practicable, be selected by individuals for the transmission of their Letters to Bombay.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

CIVIL FUND.

Proceedings at a Half Yearly General Meeting of the Subscribers to the Civil Fund, holden at the Town Hall on Monday, the 18th day of February, 1839.

PRESENT.

C. TUCKER, Esq., in the Chair.

Messrs. J. French.	Hon'ble R. Forbes.
" W. Braddon.	Messrs. J. Thomson.
" C. Morley.	" H. F. James.
" J. Curtis.	" E. V. Irwin.
" F. C. Smith.	" G. F. McClintock.
" G. Mainwaring.	" H. R. Alexander.
" T. P. Biscoe.	" J. S. Torrens.
" J. F. M. Reid.	" J. H. Young.
" F. Millett.	" G. P. Lyeester.

1. Read a letter from Mr. J. H. Barlow, of the Civil Service, dated the 27th October 1838, requesting the opinion of the Managers on the following point: viz.—Whether the family of a Subscriber who had retired on the Annuity twelve years ago, would be entitled to the benefits of the Fund in case of their being hereafter left unprovided for at his death, although the contribution of such Subscriber at the time of his retirement did not amount to, or was not made up to the sum of 25,000 Rupees, including interest.

Read also the reply of the majority of the Managers, dated the 1st November 1838, to the effect, that as the old Rules no longer exist, no claim arising after the date of their repeal can be founded on them, and that all Subscribers therefore, who have retired from the service, must make up their Subscription to 25,000 Rupees if desirous of retaining their claims on the Fund.

Resolution proposed by Mr. F. C. Smith, seconded by Mr. J. French,—

"That it is the opinion of this Meeting, that any Subscriber who shall have retired from the service prior to the 1st January 1838, and whose contribution to the Fund amounted at the time of his retirement to 5,000 Rupees principal, or who at the time of quitting the service, paid to the Fund what may have been wanting to complete his contribution to that amount, according to the 35th Article of the Rules then in force, has secured to his family the benefits of the

Institution in the event of their being hereafter left unprovided for at his death. The pension and allowances of such family to be fixed according to the new Rules of the Fund."

Amendment proposed by Mr. J. H. Young, seconded by Mr. J. S. Torrens, and carried by a majority of 12 votes to 7,—

"That as the old Rules no longer exist, no claim arising after the date of their repeal, can be founded on them, and therefore that the reply of the Managers to Mr. Barlow's letter, be approved of."

2. Read a letter from the Hon'ble Mrs. Shore, widow of the late Hon'ble F. J. Shore, dated the 2d August 1838, informing the Managers that the Hon'ble E. I. Company had granted her a pension of £200 per annum, in consideration of the high sense they entertain of her late husband's services, and requesting to know whether, as by this grant her income had been increased to £560 per annum, her children would be deprived of the benefits of the Institution, and a note from Lord Teignmouth on the same subject, dated 6th August 1838.

Read also the Resolution of the Managers on the above address, to the effect—

That as the total annual income of Mrs. Shore and her family, calculated according to the Rules of the Fund, now amounts to £615, and the maximum amount of pension and allowances assignable from the Fund, would amount only to £490 per annum, Mrs. Shore and family have at present no claim on the Institution.

Resolved nem. con. that the Proceedings of the Managers on this case be confirmed."

3. Read Proceedings of the Committee of Managers, dated the 30th August 1838, stating the result of the votes on the question of the mode of levying the 25,000 Rupees annual surplus, viz.

For the surplus being levied on Married and Widower Subscribers desirous of retaining their interest in the Fund,.....	54
For the surplus being levied on the Subscribers at large,.....	58

and recording the following Resolutions on the subject:

"The Managers considering the importance of the question involved in this vote, and that in its results it will affect the rate of subscription of every Member of the Fund, and having ascertained also that if

"carried according to the present state of the votes, the Rule so established would occasion the loss of many Subscribers who now continue on the Fund from motives of charity, without prospect of benefit of any kind to their families, are unwilling to accept so small a majority as conclusive upon the point."

"Agreed, therefore, to hold over to the next General Meeting in January next, the adoption of further Proceedings under the Rule submitted to the Subscribers on this occasion."

"Resolved, — That the above Resolutions be submitted to the General Meeting referred to without being previously published in the *Gazette* and other newspapers."

Resolution proposed by Mr. F. Millett, seconded by Mr. J. F. M. Reid, and carried by a majority of 14 votes to 2, —

"That this Meeting has no power to suspend the operation of a Rule which has been finally adopted after reference to the Subscribers at large; and that the Managers be therefore directed to give effect to the Resolution on this subject passed at the Half Yearly General Meeting, holden on the 30th July 1838, viz. "The Managers to publish the result in the *Government Gazette* and two daily papers, and to take measures for the levy of the additional cess accordingly — additional cess to begin from 1st November next" (1838.)"

4. Read an application dated 7th December 1838, accompanied by the necessary documents, from Mrs. Halhed, widow of the late Mr. N. J. Halhed, claiming the benefits of the Fund in behalf of herself and children.

Resolved, — That Mrs. Halhed and Family be admitted to the benefits of the Institution.

5. Read a letter from the Hon'ble W. W. Bird, Esq., submitting, at the request of the Widow of a Civil Servant, dependent on the Fund, the following question connected with Clause Third, Article XXII of the Rules, for the determination of the Meeting, viz. whether the declaration required from a Widow, in regard to the property or income, of which she may have become possessed since her admission to the benefits of the Institution, is to include property, or income, acquired by savings from the Pension allowed her from the Fund, or only property, or income, acquired by inheritance, bequest, or in any other way.

Resolved, nem. con., "That bona fide savings from the Pension assigned to a Widow from the Fund, are not subsequent acquisitions within the meaning of Clause Third, Art. XXII of the Rules."

6. Read a Report from Mr. J. P. Grant on the state of the Records and Accounts of the Fund; setting forth various irregularities in the mode of realizing and bringing to account the monthly contributions of the Subscribers, and the heavy losses sustained by the Fund in consequence, and suggesting measures for redeeming such losses as far as practicable, and for preventing them in future. Also expressing his readiness to undertake gratuitously the duties of Secretary to the Civil Fund in conjunction with the Secretaryship of the Annuity Fund, and proposing a new scale of regular Establishment at a cost of Rupees 220 per mensem, by which arrangements a monthly saving of Rupees 110 will be effected; and the entertainment of a temporary Establishment of Writers at the rate of 300 Rupees per mensem for placing the Accounts of the past period on a proper footing.

Read also the Proceedings of the Managers on the above Report, under date the 20th December last, in which they strongly recommend the permanent union of the office of Secretary of the Fund, with that of the Secretary of the Annuity Fund, and the adoption of the measures proposed by Mr. Grant: and they express "their sense of obligation to that Gentleman for the disinterested offer made by him to conduct the duties of the Civil Fund gratuitously, and their conviction that the interests of the Fund will largely benefit by the zeal, intelligence, and experience, that he will bring to bear upon its affairs." And they

resolve — "That Mr. J. P. Grant be appointed Honorary Secretary to the Fund; and that, subject to the approval of the next General Meeting of Subscribers, the extraordinary and regular Establishments specified, be entertained by him."

Resolved, — "That, with reference to Articles VII. and VIII. of the old Rules, it be recommended to the Managers further to examine whether deputation and other extra allowances were formerly considered as chargeable with the contribution to the Fund; and that, subject to the result of such further enquiry, the Proceedings of the Managers be fully approved and confirmed: and that the best thanks of the Meeting be offered to Mr. J. P. Grant, for the gratuitous aid of his valuable services in superintending the details of the Fund."

7. The following Gentlemen were elected Managers for the ensuing year:

Messrs. J. F. M. Reid.	Messrs. J. P. Grant.
" F. Millett.	" J. H. Young.
" J. Lewis.	

Thanks were then voted to the Chairman, and the Meeting broke up.

C. TUCKER,
Chairman.

NOTIFICATION.—Notice is hereby given, that the Marine Board will receive, on Monday, the 15th April, 1839, at noon, Tenders from parties desirous of supplying from time to time, as the same may be required by Government, for exportation or for the use of any of the Government Steam Vessels, Burdwan Coal, of the best description, for a period of one year, commencing from the first day of June next.

2d.—Parties tendering are to specify the rate in Company's Rupees per hundred bazar maunds, at which they will engage to deliver the Coal alongside of any Vessel between Kidderpore and the Upper Moorings off Calcutta, and they must likewise agree to maintain a floating depot, capable of holding two hundred Tons, in a convenient situation between the aforesaid places, to be determined by the Marine Board.

3d.—The Coal to be delivered by weight, to be ascertained on board the Vessel receiving it, by a process of the accuracy of which, as well as the correctness of the beams and scales employed, the Contractors will have the power of satisfying themselves.

4th.—The Coal to be paid for on the production of a receipt from the Commander or Commanding Officer of the Ship or Vessel, for the quantity delivered.

5th.—A muster of three maunds of the Coal intended to be supplied is to accompany each Tender, it will be retained for future reference, in case of dispute as to quality in the deliveries.

6th.—Further particulars as to the terms and tenor of the contract, which the party whose tender may be accepted will be required to execute, may be seen on application at this office.

7th.—The party whose Tender may be accepted, will be required to furnish Security to the satisfaction of the Board, for the due performance of the contract.

8th.—The Tenders are to be sent in sealed and superscribed 'Tenders for the supply of Burdwan Coal.'

9th.—The Board will reserve to themselves the option to reject Tenders without assigning their reasons for so doing.

By order of the Marine Board,

(Sd.) J. H. JOHNSTON,

Controller of Govt. S. Vessels.

Steam Department, the 18th Feb. 1839.

NOTICE.—On the 15th of April, at or before noon, Tenders will be received at this Office, for the conveyance of 50,000 maunds of Cherra Poonjee Coal from Chattrack in Sylhet to Calcutta.

Parties tendering are to specify the rate per 100 maunds, at which they will convey the Coal from Chattrack to Kidderpore.

The Coal will be delivered by weight at Chattrack, and on delivery in Calcutta, 3 per cent. will be allowed for wastage.

All further deficiency will be charged to the Contractor, at 8 Annas per munda. Freight will be paid on the entire quantity delivered at Chattrack.

Tenders to be sent to this Office, superscribed 'Tenders for the conveyance of Cherra Poonjee Coal, and addressed to the Controller of Government Steam Vessels.

The Marine Board reserve to themselves the option of declining Tenders, without assigning any reason for the same.

By order of the Marine Board,

(Sd.) J. H. JOHNSTON,

Controller of Govt. S. Vessels.

Steam Department, the 18th Feb. 1839.

NOTICE IS HEREBY GIVEN, that Tenders will be received at this Office at or before noon, on the 15th of April 1839, for the delivery of the best Burdwan Coal, or of Coal not inferior to the best Burdwan Coal to the Government Steam Vessels, for a term of one year at all, or at any one or more of the following places throughout the year:—

	Bazar mds.
Rajmehal,	12000
Colgong,	3000
Monghyt,	10000
Barr,	6000
Dinapore,	12000
Ghazepore,	10000
Benares,	3000
Mirzapore,	10000
Allahabad,	3000

In each month when the *Bhagarutty* is navigable by the Government Steam Boats:

At Calna,	300
At Berhampore,	1200

During each month when the *Bhagarutty* is not navigable by the Government Steam Boats, at

Koolna or Sainka Bazar,	1800
Commercolly,	1200
Sirdah,	500

2d.—The Contractors will be required to maintain constantly in each Depot, Coal sufficient for three months supply to the Steamers on the above calculation.

3d.—The above are perhaps the largest supplies that will be wanted at each Station, they are probably greater than will be required, the Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times obtain the information necessary to guide them in their shipments, by application at this Office.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depots respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of dry wood will be taken as equivalent to one munda of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

11th.—Three maunds of the Coal intended to be supplied are to be sent to this Office, where it will be retained for future reference in case of dispute, with reference to quality of deliveries.

12th.—The Marine Board reserve to themselves the option of rejecting any Tender, without assigning a reason for so doing.

NOTIFICATION.

The undermentioned Extracts from a Despatch from the Hon'ble Court of Directors, dated 19th December, No. 31 of 1838, are published for general information:

Para. 1. "Complaints have been made in this country of the expense occasioned by the practice of the indiscriminate transmission of Letters and Packages by the Overland Mails. This is a practice which, independent of the private inconvenience which it occasions, has a tendency to impede the Public Service by overloading the Daks; and we desire that in future no Letters or Packages be forwarded overland, unless specially superscribed to be sent by that mode of conveyance.

2. In adopting the regulation now suggested, it will be proper, in order to avert disappointment, to give publicity to the change of practice.

3. The last Mail via Malta, brought numerous printed copies of a Memorial from Mr. Thomas Baber of the Bombay Civil Service, one of which was addressed to each Member of the Court. The copies of the Memorial (upon each of which a charge for Postage to the extent of £12 was demanded) have of course been refused, but as considerable trouble and inconvenience must be occasioned by a repetition of such a proceeding, we desire that you will take measures for giving publicity to the Post Office Regulations of this country under which the

receipt of Letters by the overland mail is restricted—a copy of the Regulations in question is forwarded (a No. in the Packet.)

Under the authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary and Assistant Secretary to the East India Company, have the personal privilege of receiving letters free of Postage from the East Indies by Packet via the Mediterranean; but the privilege does not extend to any other Director or Officer of the Company."

(Sd.) J. H. JOHNSTON,

Controller of Govt. S. Vessels.

Steam Department, the 18th Feb. 1839.

NOTICE IS HEREBY GIVEN, that Tenders will be received at this Office at or before noon, on the 15th of April 1839, for the delivery of the best Burdwan Coal or of Coal not inferior to the best Burdwan Coal to the Government Steam Vessels, for a term of one year at all, or at any one or more of the following places throughout the year:—

	Bazar mds.
Rajmehal,	12000
Colgong,	8000
Monghyr,	10000
Bah,	6000
Dinapore,	12000
Ghazepore,	10000
Benares,	5000
Mirzapore,	10000

During each month when the Bhagarutty is not navigable by the Government Steam Boats, at

Koolna or Sainka Bazar,	1800
Commercially,	1200
Siddah,	500

2d.—The Contractors will be required to maintain constantly in each Depot, Coal sufficient for three months supply to the Steamers on the above calculation.

3rd.—The above are perhaps the largest supplies that will be wanted at each Station, they are probably greater than will be required, the Government will therefore not be pledged to take more Coal than the boats may have occasion for, but the contracting parties may at all times obtain the information necessary to guide them in their shipments, by application at this Office.

4th.—It may happen however, that from some emergent cause an excess on the specified quantities may be required, in which event four months notice being given, the contracting parties are to extend their supplies for the unexpired term of their contract to any quantity not exceeding fifty per cent. or one half beyond the quantities already specified.

5th.—The contracting parties will be required to commence supplying Coal at the several Depots respectively, on the 1st of October 1839, or as soon after that day as the present Contractors shall have issued the last of their Coal, of which due notice will be given from this Office.

6th.—The contracting parties will be required to enter into a Penalty Bond, with Sureties for the due fulfilment of their contract, and failing of that for reimbursement to Government of any monies that may be paid to them in advance, and not duly and fully accounted for by deliveries of Coal, the amount of penalty to be once and a half the value of the Coal they contract to supply, calculated on the prices at which their contract is taken, and on the before specified quantities. They will also be required to bind themselves in a penalty of 500 Rupees not to cause the detention of boats for their supplies of Coal beyond a reasonable time, or one hour for each hundred maunds of Coal required.

7th.—On signing the contract, an advance of fifty per cent. will be made to the contracting parties, under the security referred to in the 6th condition of this advertisement, on the value of the entire quantity of Coal to be supplied under the contract calculated at the contract prices, 25 per cent. will be paid for the quantity of Coal supplied to any Steam Vessel, on the production at this office of a receipt signed by the Commander or Commanding Officer of such Steam Vessel, and the account will be finally balanced and adjusted on the expiration of the contract.

8th.—In the event of a breach of the contract or the non-fulfilment of any of the clauses of the contract, it is to be optional with the Marine Board to levy from the contracting parties or their sureties the penalty thereby incurred, or to take measures for remedying as far as may be practicable the inconvenience arising out of such breach or non-fulfilment of contract and charge against the Contractors, all expenses that may be incurred in so doing.

9th.—And with reference to the foregoing conditions it is to be understood, that the demurrage or the detention occasioned to the Steam Vessels and Accommodation Vessels through such failure of the Contractor will be charged at 400 Rupees per day of 12 hours, and that when wood may be provided as a substitute for Coal, five maunds of dry wood will be taken as equivalent to one maund of Coal.

10th.—The Tenders are to specify the rate at which the best Burdwan Coal, or Coal not inferior to the best Burdwan Coal, will be supplied per one hundred bazar maunds. They are to be made out according to a form to be seen at the Controller's Office. They are to be sent in sealed on or before noon, on the 15th day of April 1839, superscribed 'Tenders for the supply of Coal for Internal Navigation,' and to be addressed to the Controller of Government Steam Vessels at this Office.

11th.—Three maunds of the Coal intended to be supplied are to be sent to this Office, where it will be retained for future reference in case of dispute, with reference to quality of deliveries.

12th.—The Marine Board reserve to themselves the option of rejecting any Tender, without assigning a reason for so doing.

By order of the Marine Board,

J. H. JOHNSTON.

Controller of Govt. Steam Vessels.

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RANALD MARTIN.

Presidency Surgeon and Surgeon to the Native Hospital.

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

RESOLUTION.

Read a Letter from the Agent at Saugor, dated the 26th December last, forwarding abstracts of the Jabulpore Sessions of Thug Trials for 1837.

"In order that the public may be made acquainted with the result of the measures adopted for the Suppression of the Crime of Thuggee—The Right Honorable the Governor General of India has been pleased to resolve, that the subjoined Extract from a Letter from the Agent to the Governor General in the Saugor and Nerbudda Territories, dated 26th December last, shall be published for general information.

Extracts from a Letter from the Agent to Governor General Saugor and Nerbudda Territories, dated 26th December, 1838.

2. "The entire number of cases committed for trial was 37,—two of these commitments, Nos. 20 and 29, were however annulled, and the number of trials in consequence was 55,—of the trials, 25 were supplements to those held by my predecessors—10 were on charges of murders that had not formed the subject of a preceding trial, one No. 37, involved two Courts, viz., 1, a charge for a particular murder, and 2dly, the general one of having belonged to a gang of Thugs under Act XXX. of 1836, and 19 were restricted entirely to the general charge.

3. Agreeably to the number of prisoners in each commitment, 180 persons stood convicted for trial at the Sessions, but as several of the prisoners were committed in more than one case, the actual number of individuals for trial was 121, and their trials terminated as follows, viz.

	Persons.
1. Sentenced to death,	13
2. " Transportation for life,	70
3. " Imprisonment for life,	25
4. " Ditto, until it may be safe to release on security, }	2
5. " Acquittal but ordered to give security,	3
6. " Deceased after commitment,	2
7. " Commitment annulled,	6
Total	121

4. Of the prisoners capitally sentenced six were convicted as Jemadars, six as Blurtoles or stranglers, and one as a Shumsea or holder of hands—those transported for life were proved to have been concerned in the murders charged to them, and those imprisoned for life were convicted of having belonged to a gang of Thugs.

5. The evidence brought forward on the trials consisted of the testimony of approvers, the exhumation of bodies of persons massacred by the prisoners, and confessions before me at the trial or before the Officiating General Superintendent and his Assistants. Inclusive of the deceased Sheikh Dapod before alluded to, ten of the convicted Thugs pleaded guilty on their trial to the charges preferred against them, and of these, three were capitally punished, and six were transported. Twenty-three others confessed before the Officiating General Superintendent, and of them three were sentenced to death, eighteen to transportation, and two to imprisonment for life, and nine more made confessions before the Assistants to the General Superintendent, of whom five were transported and four imprisoned for life, and it thus appears that 42 of the prisoners committed for trial had acknowledged their connection with the profession followed by them, in the presence of an European Officer."

Ordered, that the foregoing Resolution be published for general information in the Calcutta and Delhi Gazettes, and Agra Ukhbar.

ON THE

Medical Topography of Calcutta,
(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital.

PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

Ditto..... Ditto.....	Madras.
Ditto..... Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.
